

Pre-Need Planning

There is a lot that goes into planning a funeral, making those arrangements before you need them gives you time to consider all of your options and make sure that you're covering all of the necessary details. You can pre-plan funeral arrangements for yourself or a loved one at any stage in life, and you always can make changes if you wish.

"As her next of kin, there were so many things to do and decisions to be made. And I was in mourning. I was so relieved that she'd pre-planned with Nelson! I didn't even have to step foot in a funeral home. Nelson handled everything." —Jess M.

- Pre-Planning lets you create your own unique life celebration and ensures that your arrangements reflect your desires. It eliminates "emotional" overspending by family members making decisions in a time of grief.
- Pre-Planning is a loving gift for your family that relieves your family of stressful processes and instead allows them time and energy to focus on healing and remembrance. Once your arrangements are in place, your family doesn't need to gather for authorizations which can be difficult emotionally and logistically.
- Pre-Funding your funeral arrangements will guarantee services at today's prices. You can pay for your arrangements in full, or find a payment plan that fits your budget. Pre-funding also provides peace of mind for your family, who won't have to figure out your funeral expenses when the time comes. Your pre-planned arrangements and any pre-payments are easily transferable to any funeral home in the United States.
- With my help, Pre-Planning is a simple process, you can meet with me on your own or include your loved ones. We can meet at your home, the Funeral Home, on the phone, or on the Internet using Zoom. I have personally planned and professionally directed countless funerals and I will personally walk you through each step. From a basic Cremation to an elaborate Funeral and Burial, together we will arrange all your wishes. We can even include memorial options, and gather the information needed for the Funeral Service and Death Certificate.

The next step is a conversation with me, and I'll take it from there.
